- Textured wheels and telescoping handle offer easy moving
- Built-in storage locker.
- Easy to use and store.
- Universal fit. Fits with other brands
- High pressure tested
- UV resistant.

### Waterwheel M/L instructions for use:

- 1. Install the tap connector on the outdoor tap.** Take the tap connector from the compartment and choose the right thread size. The included tap connector has 3 thread sizes.
- 2. Connect the Waterwheel with your tap.** Pull out the inlet hose from the bottom of the Waterwheel and connect it to the tap connector.
- 3. Attach the hose nozzle.** Pull out the hose from the Waterwheel and connect the adjustable hose nozzle to the hose.
- 4. You're ready!** Open the tap and simply turn the nozzle to start watering.
- 5.** Before retracting the outlet hose, close the water source from the tap. Retract the hose manually by rotating the knob.

**Tips:** For additional stability, turn the support leg downwards to support the reel to the ground.

- Nominal pressure: 4 bar.
- Reel in the hose tightly before transporting the hose reel.
- If needed, you can replace the hose. The Waterwheel features a maximum outlet hose capacity of 13mm (1/2") 30m.

### Maintenance:

- When not in use, please turn of the water source and release the water pressure by turning on the nozzle for a few seconds.
- Rinse dirt and debris with water.
- Use the product only for water transfer.

### PLEASE READ ALL SAFETY ADVICE AND INSTRUCTIONS BEFORE USING THE PRODUCT

#### Warning:

- Always close the water source (water tap) after use of garden watering products.
- Do not direct the water jet towards electrical equipment!
- Do not direct the water jet towards persons or animals!
- No drinking water.

#### Warranty terms:

The manufacturer shall repair or replace, through the dealer, any parts of the product found to be faulty due to manufacturing defects, for a period of 24 months as of the date of purchase. The warranty does not cover defects due to tampering, improper use or wear. The warranty is valid only if the customer returns the product to the dealer complete in all its parts together with the receipt or other document proving the date of purchase.

### Store in a frost-free environment
